# THE VIKING '72

Eighth Annual Publication  
BRUNSWICK ACADEMY  
Lawrenceville, Virginia

## Academy Starts Off With Old, Then Moves Toward New Image

Except for the fact that the headmaster changed during the summer, this year began like any other. The usual classes, the traditional "first of the year" assembly.

"Oh, I just can't stand another year of it."

"Well, I guess it's better than sitting at home all summer."

"I hear that Mr. Nolen is really strict."

Arriving in cars or buses, teachers and students alike expected to find things as ever, unchanged. Soon, however, they would watch the beginning of a transformation in spirit.

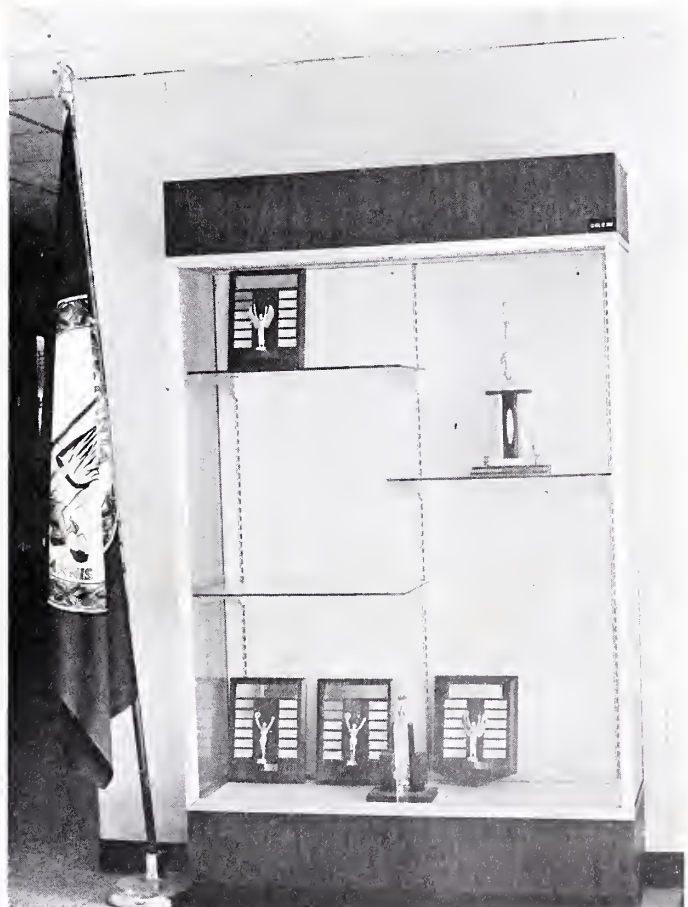

## TABLE OF CONTENTS

Curriculum . . . . .	8
Activities . . . . .	22
General Staff . . . . .	76

Interest From 8:45 To 2:45 Each Day

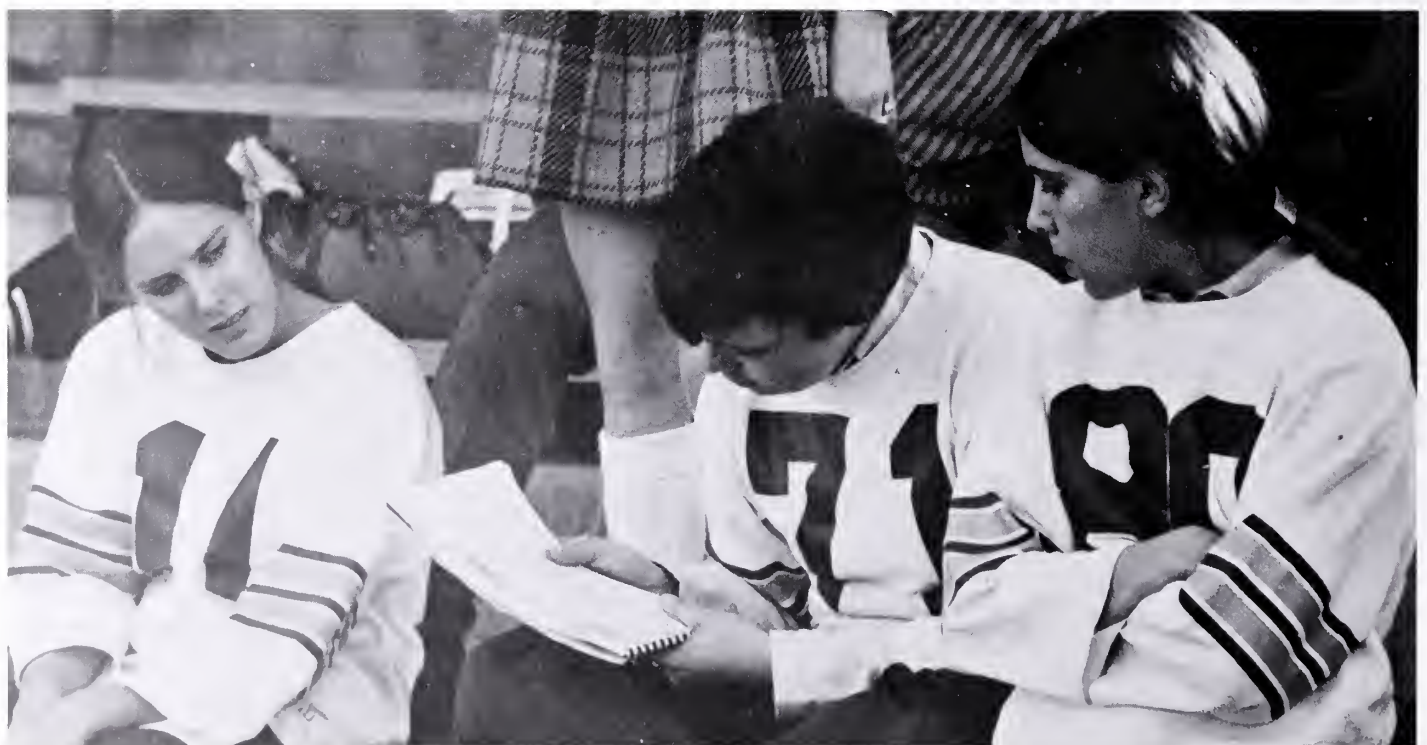

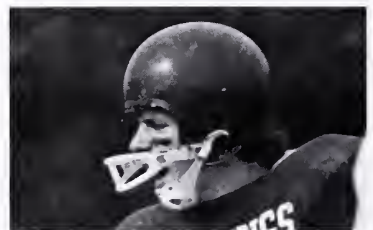

## Interests Diversify As Many Join Extracurricular Activities

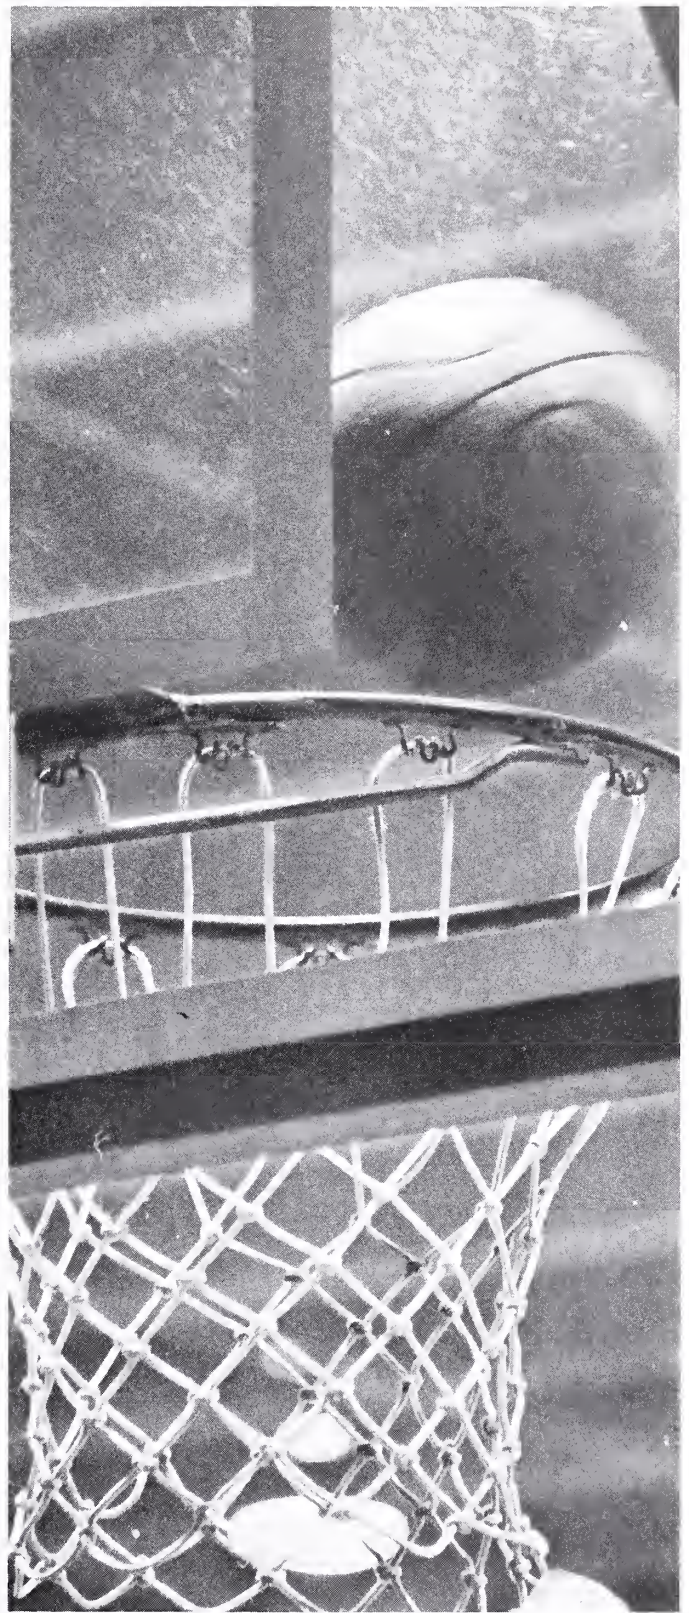

All Else Forgotten, Sports Unite  
BA Behind One Cause—VICTORY!

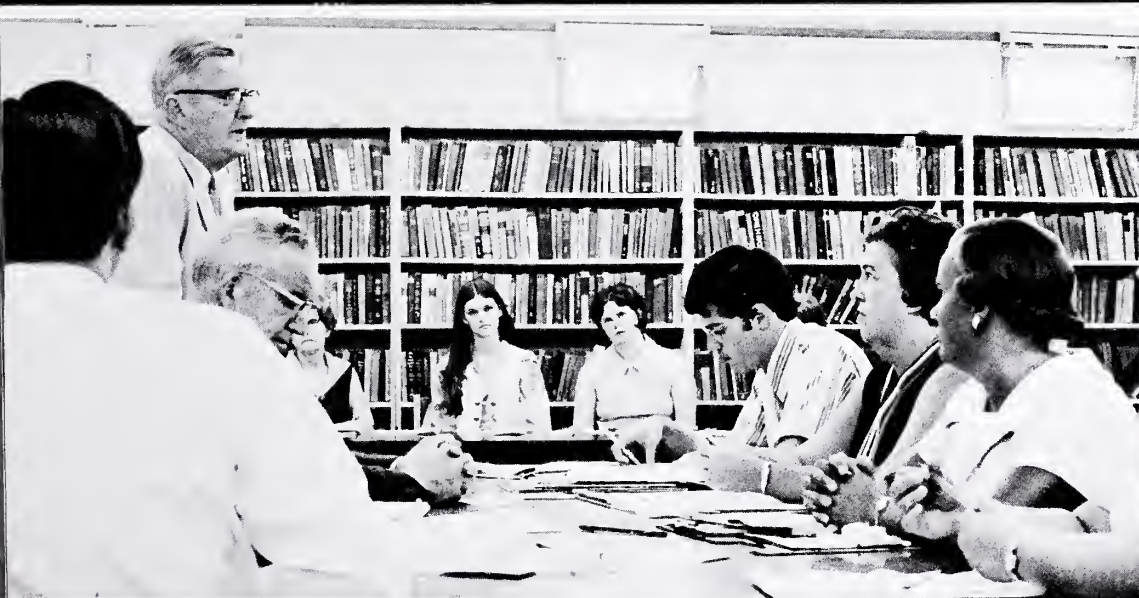

**Staff • 72 • Staff • 72 • Staff • 72 • Staff**

• 72 • Staff • 72 • Staff • 72 • Staff • 72

**Seated: L. to R.** Dale Blackwell, Hugh Shell, Jimmy Perkins, Bobby Clary, Mrs. Glennie Bower, Ervin Moore, Alvin Lucy. **Standing:** Ster-

ling Clary, James I. Clary, Robert Lewis, Hawley Hawthorne, Carrel Tuck, L. G. Chandler, Bernie Lynch, Eddie Jones.

## Board Of Directors Guides BA Policy

The governing body of Brunswick Academy is made up of conscientious men who represent the various surrounding communities from which the BA student body is drawn. This group, known as the Board of Directors, chooses five men to form the

Executive Committee. This Executive Committee works many long hours to improve our Academy. Their devotion to the best interests of Brunswick Academy is evident in all the decisions they make and policies they recommend.

**L. to R.:** Robert E. Lewis; Sterling P. Clary; W. Hawley Hawthorne, President, Brunswick Academy Association; James I. Clary; Carrel B. Tuck.

## H.P. Nolen Assumes Academy Leadership

It is a real pleasure for me to extend salutations to the viewer of this year's Yearbook and to extend to the staff THE ACADEMY'S commendation for a "job-well-done" in the production of the 1972 edition.

The Staff of the Yearbook has worked hard to produce a superior book for THE ACADEMY. This work, on their part, is one indication of the many challenges before us to operate a superior school for THE ACADEMY FAMILY. It is rewarding to all of us to see student and faculty groups accept the challenge to produce quality and superiority representative of Brunswick Academy.

Our very best regards are extended to each member of THE ACADEMY FAMILY as we build on the foundations of the past to fulfill the many aspirations THE ACADEMY has for the future.

With a positive approach, widespread support, and personal contributions by so many fine people, THE ACADEMY has assurance of superior attainment and ultimate SUCCESS in all endeavors.

*H.P. Nolen*

## Commercial Builds

### Business Skills

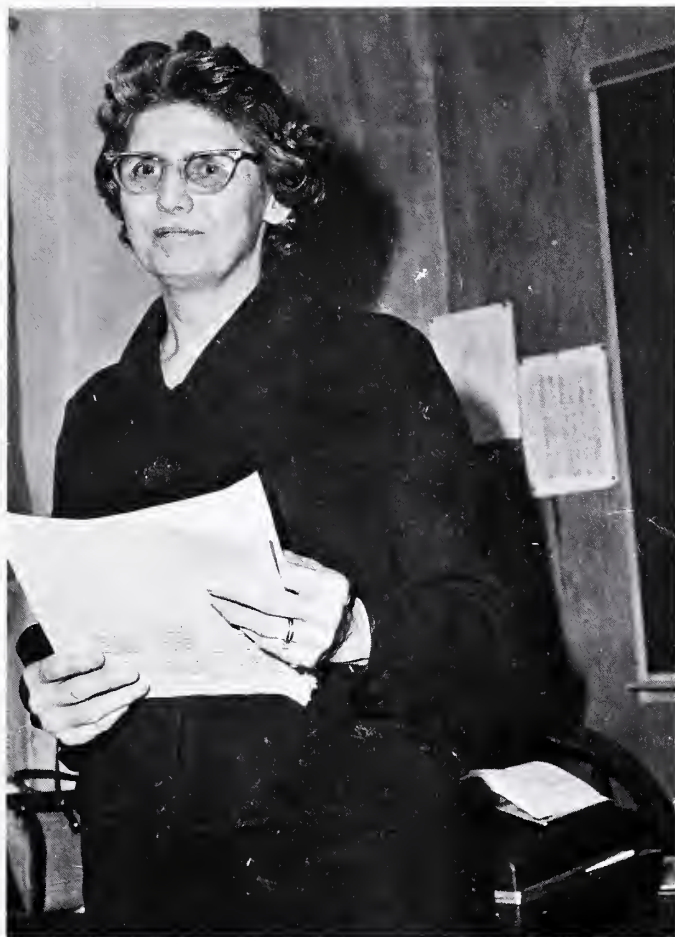

To prepare students for positions in the business world, the Commercial Department offers instruction in a variety of subjects. Students striving to take Shorthand dictation a little faster each day acquire valuable skills.

Amid clacking typewriters, other students work for speed and accuracy which are essentials in the secretarial field. Bookkeeping, General Business, and Business Math are designed to benefit students as budding accountants, consumers, and businessmen.

**Upper right:** Mrs. Mary H. Raiford, Bookkeeping, Shorthand I and II and Typing II teacher. **Lower left:** Mrs. Marie G. Thompson, Typing I and II and Business Math teacher. **Lower right:** Mrs. Betty M. Grigg, General Business, Math 8 and 9 and Science 9 teacher.

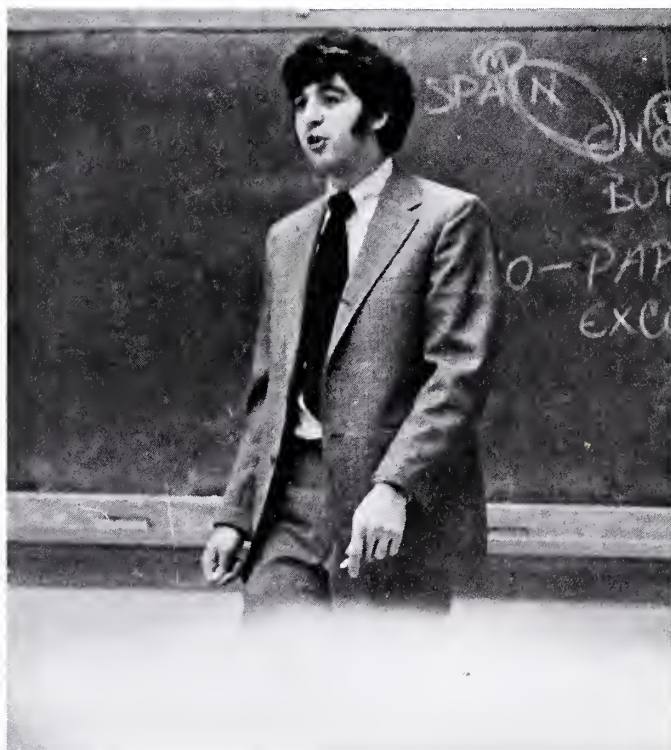

## Grammar, Literature

### Draw English Attention

The English Department at Brunswick Academy offers a progression and variety of courses to improve the BA students' proficiency in reasoning and expression and also to expose him to the sources of the greatest ideas contained in the literature of the ancient and modern worlds.

Through exercises in structural grammar, vocabulary building, composition, reading and speaking, the BA student learns the rudiments of English and at the same time is afforded the opportunity to begin to develop himself to an optimum level of cultural awareness, understanding and proficiency.

If he so chooses, the BA English scholar is equipped not only to "get along" but, in the words of Aeschylus, to actively do his part "to tame the savageness of man and make gentle the life of the world."

**Upper left:** Mrs. Doris Jones, English 8 and History 8 teacher. **Lower left:** Dwayne E. Holland, English 10 and 11 teacher. **Lower right:** Robert E. Martin, English 11, 12, and Advanced English teacher.

## Fine Arts Teaches Music, Art, Appreciation

A new dimension has been added to BA in recent years through the formation of classes devoted to art and music. It is through classes such as these that the fine arts department strives to develop the talents of the students.

While walking through the primary school building, one often hears harmonious strains coming from Mrs. Seymour's music classes. For the first time at BA, students may enroll in general and choral music classes. These students learn about composers, listen to music, and, of course, sing.

Also, students may take art under the guidance of Miss McChesney. These students experiment with papier-maché, paints and crayons while learning about lighting effects and the different textures and elements of good composition.

**Upper right:** Miss McChesney, art teacher; **Lower right:** Mrs. Seymour, music teacher.

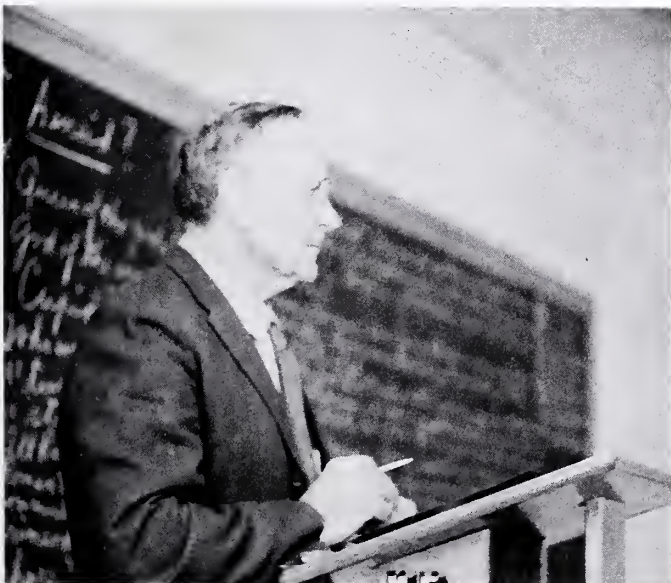

## Foreign Languages

### Strive For Fluency

Of the students studying French, Spanish, and Latin, some are taking the courses for college preparation, others are exploring a new experience in learning, and a few who have found great personal satisfaction from understanding and speaking a foreign language sample as many different languages as possible.

No matter what the reason, when a student enters a language class, he must study to achieve successful results. Struggling with pronunciation, grammar and vocabulary, many students find a foreign language to be one of the most difficult, time consuming, and challenging courses offered at Brunswick Academy.

In the first year of study, students learn basic grammar, vocabulary, and pronunciation. Second year students delve into more complex areas such as composition and advanced grammar. During all language studies, students are under the supervision of a very capable staff of teachers.

**Upper left:** Robert M. Lamond, Latin I and II, and U.S. History teacher. **Center left:** Mrs. Jane Akslen, French I and II and English 9 teacher. **Lower left:** M. F. Glenn, former Latin and History teacher. **Right:** Mrs. Barbara T. Bishop, Spanish I and II and English 9.

## Mathematics Uses

### Logic And Skills

Eighth grade students may take either Mathematics 8 or Pre-Algebra. The general course emphasizes the practical application of mathematics. Pre-Algebra centers on the theory involved in familiar mathematical ideas.

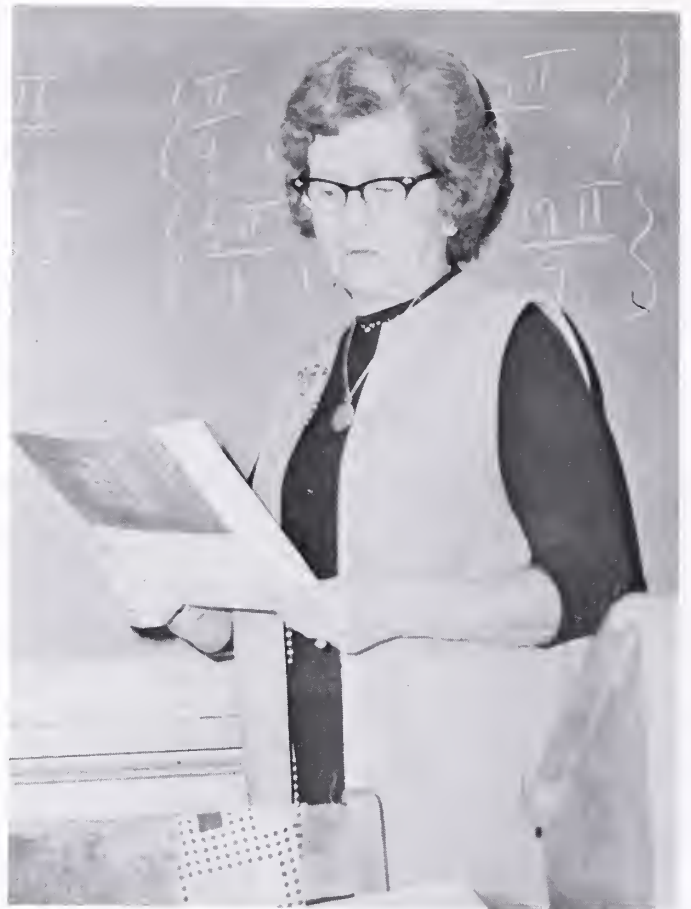

Math 9 is a course in basic, practical mathematics.

Algebra I is the student's first real step in preparing for college mathematics.

In Geometry we develop a better understanding of the nature of a mathematical system and appreciate the basic structure of geometry.

In Algebra II we try to create an understanding of algebra as a study of the structure of the system of complex numbers, recognize the techniques of algebra and comprehend the function concept.

The course in Advanced Mathematics includes one semester on Trigonometry and one of Pre-Calculus.

**Upper right:** Mrs. Grace Atkinson, Algebra II, Geometry, and Advanced Math teacher. **Lower left:** Thomas E. Blick, Jr., Pre-Algebra and Algebra I teacher.

## Health, Activities

### Highlight Phys. Ed.

Mr. Clary, Miss Cagle, and Mr. Woodruff are in charge of the Physical Education Department of Brunswick Academy. Under their leadership, the Eighth grade classes are taught health; the Freshman classes, driver education; and the Sophomore classes, first aid.

In the gymnasium and on the playing fields these students are taught the fundamentals of sportsmanship and fair play which they will need later in their lives. With the purchase of new equipment, tumbling is being offered in the Physical Education Department at Brunswick Academy.

**Upper left:** E. Lawrence Clary, Jr., Boys' P.E. and Drivers' Ed. teacher. **Lower left:** James E. Woodruff, Boys' P.E., Drivers' Ed. and First Aid teacher. **Lower right:** Miss Leigh Cagle, Girls' P.E. and First Aid teacher.

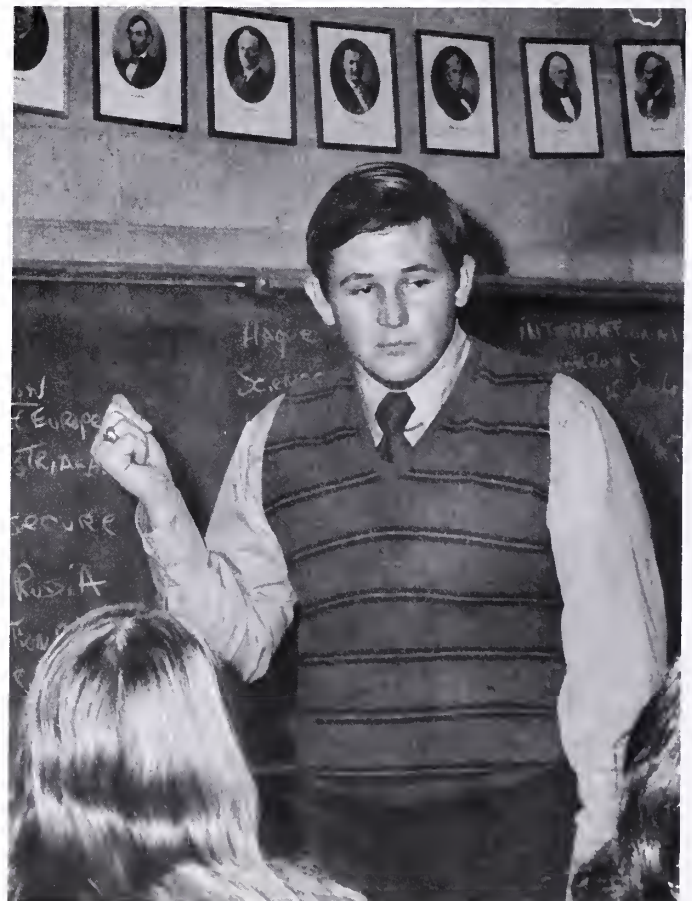

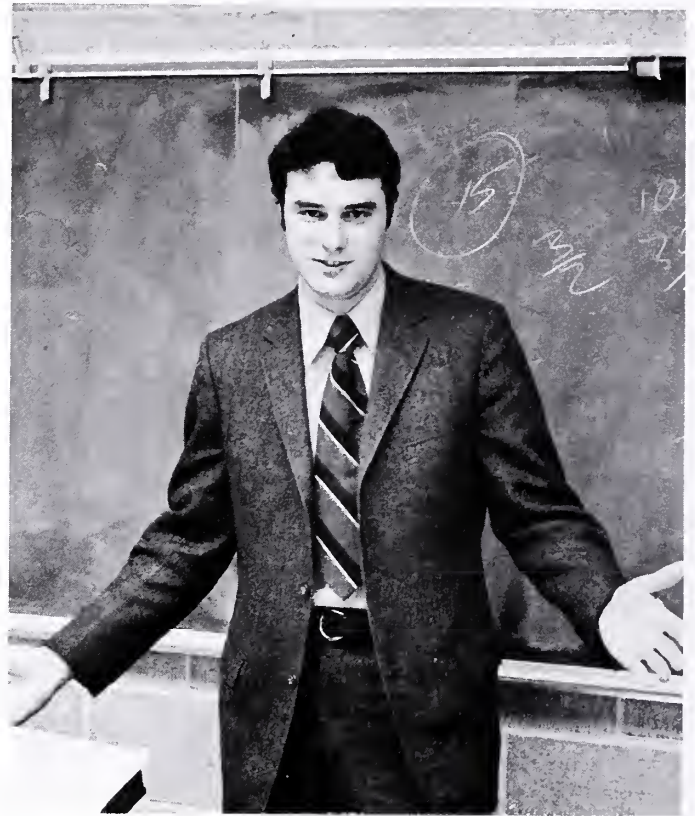

## Social Studies Contemplate Man

Our Social Studies program offers something of interest for every grade level. Eighth graders begin with American History which tells the story of the United States from colonial times to our modern space age.

World History students read the story of ancient and medieval civilizations and relate it to the events of modern times. Geography classes study the physical aspects of various countries and learn of their interdependence in trade and commerce. Sociology gives students the opportunity to study social problems.

Studying the events of the past and reading current news, Junior classes in American history review the growth of the nation. Government class combines the study of the formation of our system of government with current developments in politics.

**Upper right:** Ronald L. Miller, Sociology and Work-Study teacher.  
**Lower right:** William E. Hewitt, World Geography and World History teacher.  
**Lower left:** Miss Pamela Gordon, American History and Government teacher.

## Science Searches And Discovers

Earth, life, space, and chemicals form the nucleus of the Science Department at Brunswick Academy. Eighth graders begin their study of science with a general course, while Freshmen take a more detailed look at physical science accompanied by laboratory work.

Sophomores are required to take Biology which includes the study of plants and animals. Juniors and seniors who show a real interest in science move on to chemistry and physics. These students seem to wear an expression of wonder and amazement whenever they feel that a mysterious "unknown" has been revealed.

**Upper left:** Mrs. Ola E. Jones, Chemistry and Science 8 teacher. **Lower left:** Thomas R. Witten, Biology teacher. **Lower right:** Frederick C. Creasy, Jr., Science 9, Drafting, and Physics teacher.

Guidance  
Department  
Helps  
Each  
Student  
To  
Discover  
His  
True  
Self

The guidance department of Brunswick Academy is centered around one person: the individual student. All the efforts of the department are aimed at assisting that one student in many different areas: knowing his or her true self; attaining a level of academic achievement that approximates ability; getting along with others whether they be parents, fellow students, or teachers; college selection and entrance, and vocational selection and training. While not in any sense complete, this short list may give some idea of what our guidance department attempts to accomplish.

The methods we use to achieve these goals are many; however they all center around the counseling process, which is normally on a one-to-one basis. The process is characterized by a faith and trust in the individual, and is conducted in a confidential manner. Students are assisted in working out their own situation. At no time is a student specifically told to do a certain thing. Students are encouraged to accept the responsibility for their decisions.

Many times in counseling, test scores of standardized tests are used. Teachers are sometimes asked to assist in aiding a student to achieve satisfactorily. Conferences between parents and teachers are sometimes used. All of these activities are efforts to assist the individual student in the process of becoming an adult.

## Moonlight And Roses

The secret atmosphere of an atomic bomb project . . .

The splendor of a palace ballroom . . .

The gaiety of an inaugural ball . . .

These are some of the characteristics of a Brunswick Academy Junior-Senior Prom. The 1971 prom was even more special at Brunswick Academy, since it was the first to be held in the school's new gymnasium.

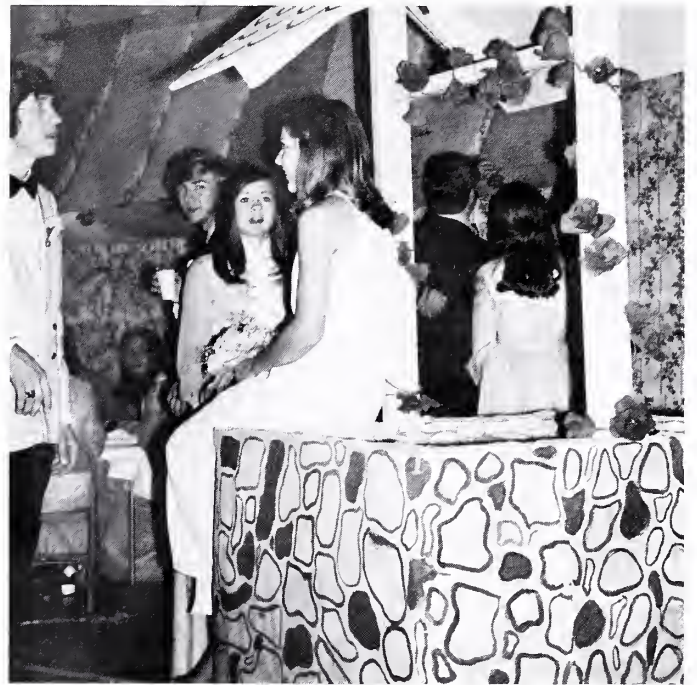

Untold hours of work by the junior class resulted in a wonderful surprise and delight for the seniors as they came through the doors of the gym to enter an atmosphere of "Moonlight and Roses."

The evening disappeared all too quickly, but the memories of the night will long linger with those who were there. The music of a dance quickly passes away, but the sounds of a junior-senior last forever.

Music Of "The Escorts"

## MISS BA 1971 . . .

Classes and clubs selected their most beautiful young ladies to represent them in the 1971 Miss Brunswick Academy contest.

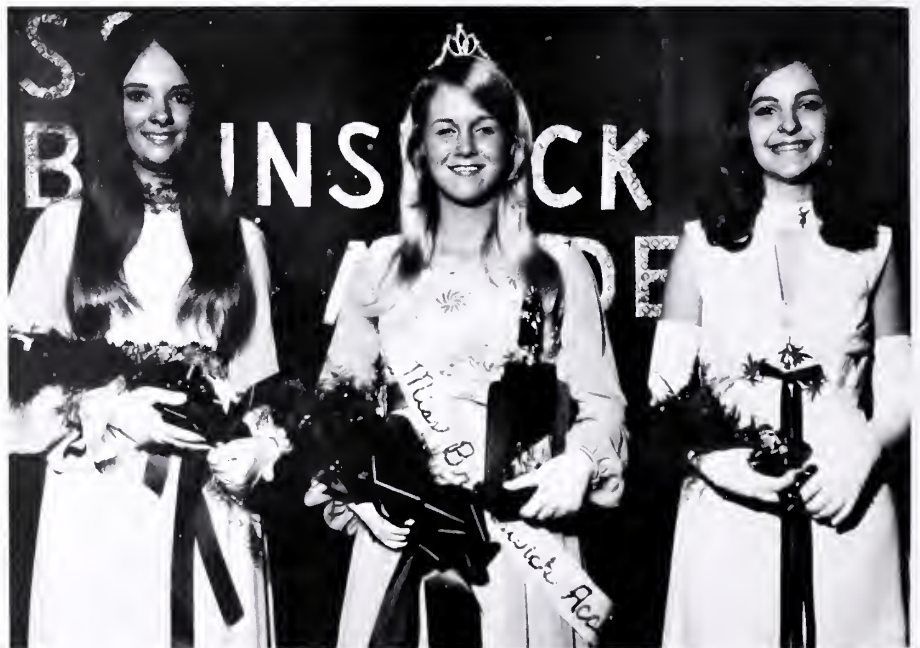

Many problems forced postponement of the event from its usual time in early winter. Nevertheless, when the time finally arrived that the contest was held, in the spring, tension was still high.

Students, patrons, and friends watched and made their own choices while the judges deliberated in the process of making a decision.

As the number of contestants dwindled to five and then to three, everyone held their breath to await the announcement of the winner.

When the judges' decision was announced, Miss Martha Keedwell had become the winner of the "Miss Brunswick Academy 1971" title.

Wanda Queen was the first runner-up and Vicki Lewis was second runner-up.

## ... AND 1972

The annual Junior Class-sponsored Miss Brunswick Academy Beauty Pageant was a great success and thoroughly enjoyed by all who attended. A panel of judges selected the winners according to their beauty, poise, posture and the suitability of their dress. From among the candidates, twenty-eight of the most beautiful girls in Southside Virginia, the judges selected Connie Nunnally and Ellen Blackwell as attendants and Wanda Queen as Miss Brunswick Academy 1972. Miss B.A. was crowned by Headmaster Mr. Hugh P. Nolen and presented her trophy and bouquet of flowers by last year's winner, Martha "Toolie" Keedwell, Miss Brunswick Academy 1971.

Connie Nunnally, second runner-up. Wanda Queen, Miss Brunswick Academy. Ellen Blackwell, first runner-up.

Lorna Is

Runner-Up  
As Vikings  
Celebrate  
Homecoming  
With First  
Football  
Victory

The chill of autumn, the excitement of football, and the renewing of old friendships signalled the arrival of Brunswick Academy's 1971 homecoming. The football team added to the excitement by opening the game with the best half of football they had played.

At halftime, the tension mounted as the crowd awaited the announcement of the 1971 Homecoming Queen. Lorna Walthall was the winner of the honor, while Lane Stainback was runner-up.

In the second half, the team continued to thrill everyone as they overpowered the York Confederates for BA's first win of the season. The excitement carried over to the next night as alumni and students enjoyed the homecoming dance.

The music, dancing, and fun combined with the thrills of the night before to provide memories long worth remembering.

## Vikings End Season On Happy Note With Wins Over York And Broadwater

**Opposite page, upper right:** Quarterback, Kenneth Roberts receives the snap from center. **Lower left:** Sideline tension mounts as Reid waits to enter game. **Lower right:** A long stretch by Ervin Moore pulls in a pass to set up a BA touchdown.

## Staff Services Are Necessary For Smooth School Function

Our Upper School offices are staffed by three very dedicated ladies without whose help our Academy could not operate smoothly and efficiently. Their regular duties cover a wide range of activities and they also find time to assist students, teachers, parents, and visitors. Despite the many interruptions in their work, they still remain patient and smiling.

**Upper right:** Mrs. Sandra D. Wrenn, Secretary, Headmaster's Office.  
**Lower left:** Mrs. Barbara C. Lee, Secretary, Guidance Office. **Lower right:** Mrs. Jean L. Cheely, Bookkeeper.

## Messengers Provide Communications Link

## Cafeteria Personnel Work Hard To Please Varied Tastes Of Students

There are seven very hard working women at our school who comprise the cafeteria staff. They start early in the day counting the orders, preparing food and it is nearly 3 o'clock before they finish with their clean-up. Their behind-the-scenes duties are often taken for granted, but we could not operate without them.

Bus Drivers Transport  
Students Safely To  
And From School

**Seated, L. to R.:** Mrs. Floyd, Mrs. Moseley, Mrs. Moody, Mrs. Martin, Mrs. Mitchell. **Standing:** L. Moseley, D. Moore, Mrs. Grizzard, Mrs.

Lee, Mrs. Lafoon, Mrs. Butler, Mrs. Speight, W. Edwards.

Maintenance  
Personnel  
Keep Busy  
With Brooms,  
Buckets, And  
Buses

Mr. Homer Craft — that's a name you don't hear often, but anyone who has stayed after school has become aware of the time and effort spent in housekeeping by our custodian. We now realize how much Mr. Craft contributes to our school's appearance and we are grateful.

The familiar face that you see running around school doing any and everything from gassing the buses to bringing in the mail is Mr. Gibbs. We all appreciate his faithfulness in getting the job done.

**Upper right:** D. C. Gibbs, bus maintenance. **Lower right:** Homer G. Craft, custodian.

Parent  
Teacher  
Organization  
Promotes  
Patriotism

**Left to right:** Mrs. Peggy Allen, Assistant Secretary; Mrs. Shelby Bennett, Treasurer; R. B. Lynch, President; Mrs. Denise Nash, Secretary; Mrs. Ola Jones, Vice-president.

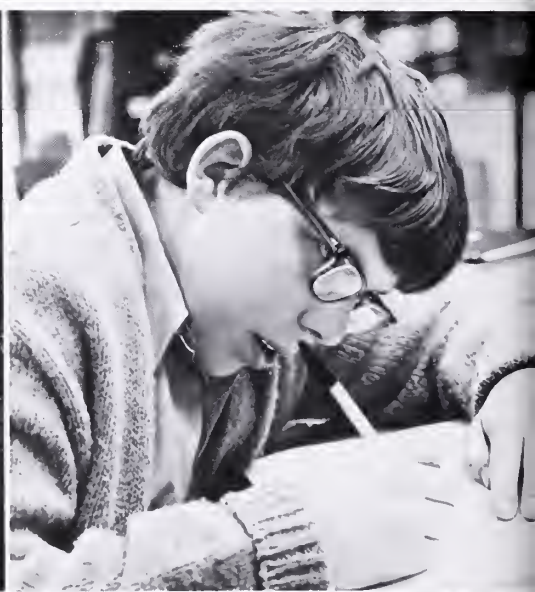

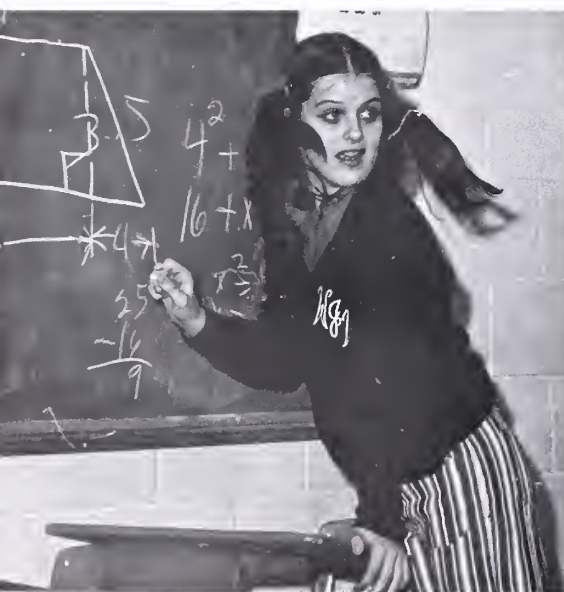

The Parent Teacher Organization at Brunswick Academy is composed of dedicated parents who give of their time, energy, and finances to sponsor projects which will benefit the Academy as a whole.

This year, as it was last year, the basketball court in the gymnasium is the major focus of the organization's interest. The PTO wanted only the best for the Academy when it assumed indebtedness for this first-class court.

## M. R. Atkinson Heads Lower School

M. R. Atkinson is a near neighbor of Brunswick Academy. He was born, reared and educated in the adjoining county of Dinwiddie. He is tied to the institution and many of our students by the strong bonds of family and community. Some he has taught in other schools.

He received his undergraduate and graduate training in the college, seminary and university of this state. For years he served in this and neighboring states before returning to the place of his birth. Many years he was principal of the school which began in his grandfather's study prior to the Civil War.

Mr. Atkinson states: "Coming from an extensive background in education, I have found my association with our Academy to be most interesting and rewarding. I am deeply appreciative for every courtesy and consideration shown by the administration, faculty and students."

## Mrs. Bower And Mrs. Killam Aid In School Operation

Mrs. Mattie Killam is the secretary for the lower school. She serves as Mr. Atkinson's receptionist, typist, and general secretary. Mrs. Killam keeps the lower school office running smoothly and efficiently.

Mrs. Glennie Bower is the bookkeeper for Brunswick Academy. Her work involves the preparation of payrolls, keeping accurate, up-to-date records of tuition payments, and seeing that the funds of all classes and clubs are credited properly. Despite all the responsibility involved, she carries out her work cheerfully and is always willing to help.

**Upper left:** Mrs. Glennie Bower, Bookkeeper, **Above:** Mrs. Mattie Killam, Mr. Atkinson's secretary.

## Seventh Grade Bridges Gap

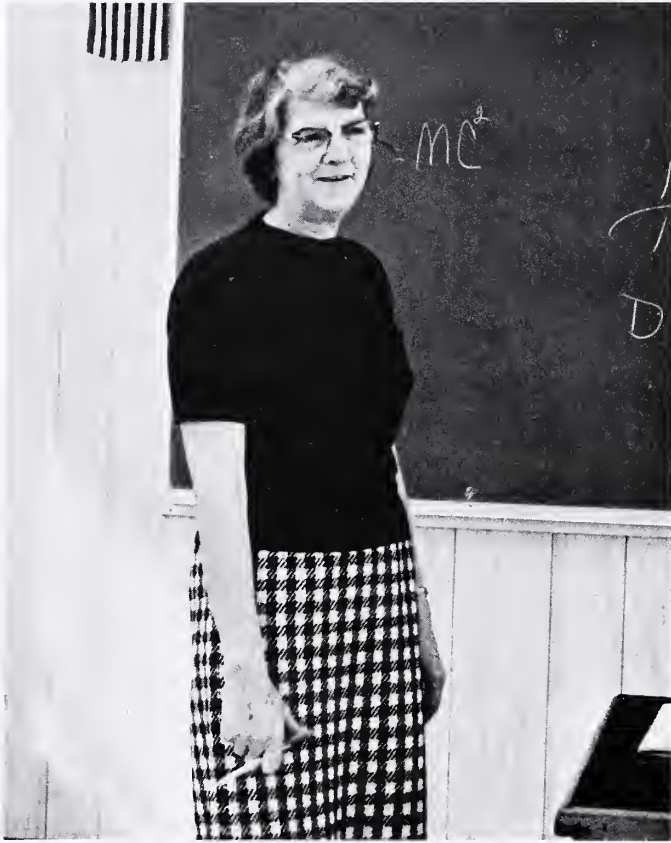

In the seventh grade, the student is stimulated and assisted to develop primarily by his own efforts to reach the maximum of his capacities. He is encouraged to make the most of himself. The seventh grade is truly an important grade. It may be said that it is the bridge which leads from the lower school to the upper school.

**Upper left:** Mrs. Dennis Nash, Sixth and Seventh grade Mathematics teacher. **Upper right:** Mrs. Dale Bowdre, History and Girls' P.E. teacher. **Lower right:** Mrs. Betty Milam, Language Arts teacher.

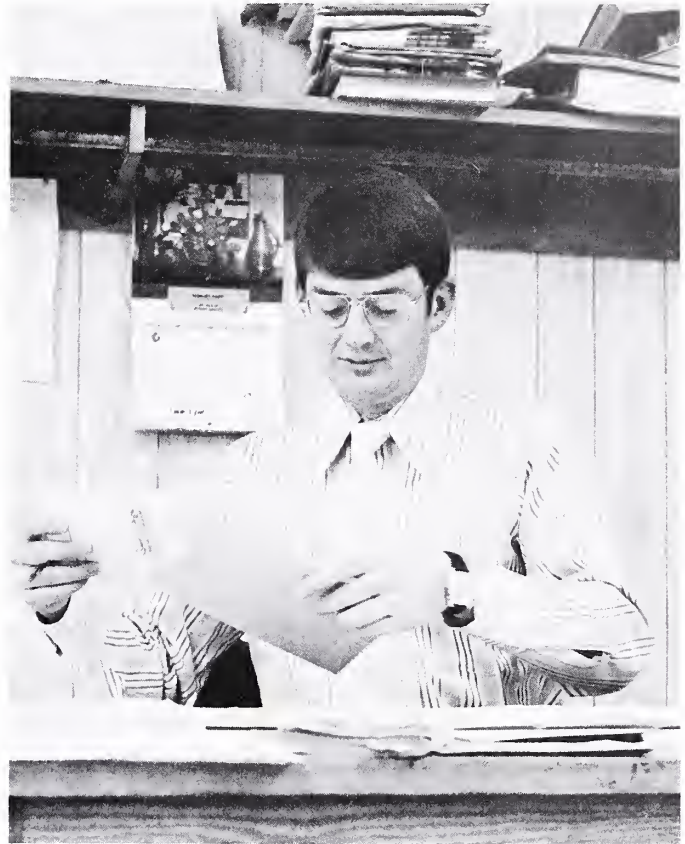

## Sixth Grade Features

### Many Different Teachers

By the time a student reaches the Sixth Grade, his studies include a variety of subjects, such as social studies, science, mathematics, English and spelling. The sixth graders must adapt themselves to different subject areas. A great part of the day is spent studying but it is not all work. The students enjoy physical education, art and music classes.

**Upper left:** Mrs. Edith Glidewell, Sixth and Seventh Grade Science teacher. **Upper right:** Stephen J. Denny, Language arts teacher. **Lower left:** A. Ward Wiley, Social Studies, Boys' P.E. and Health teacher.

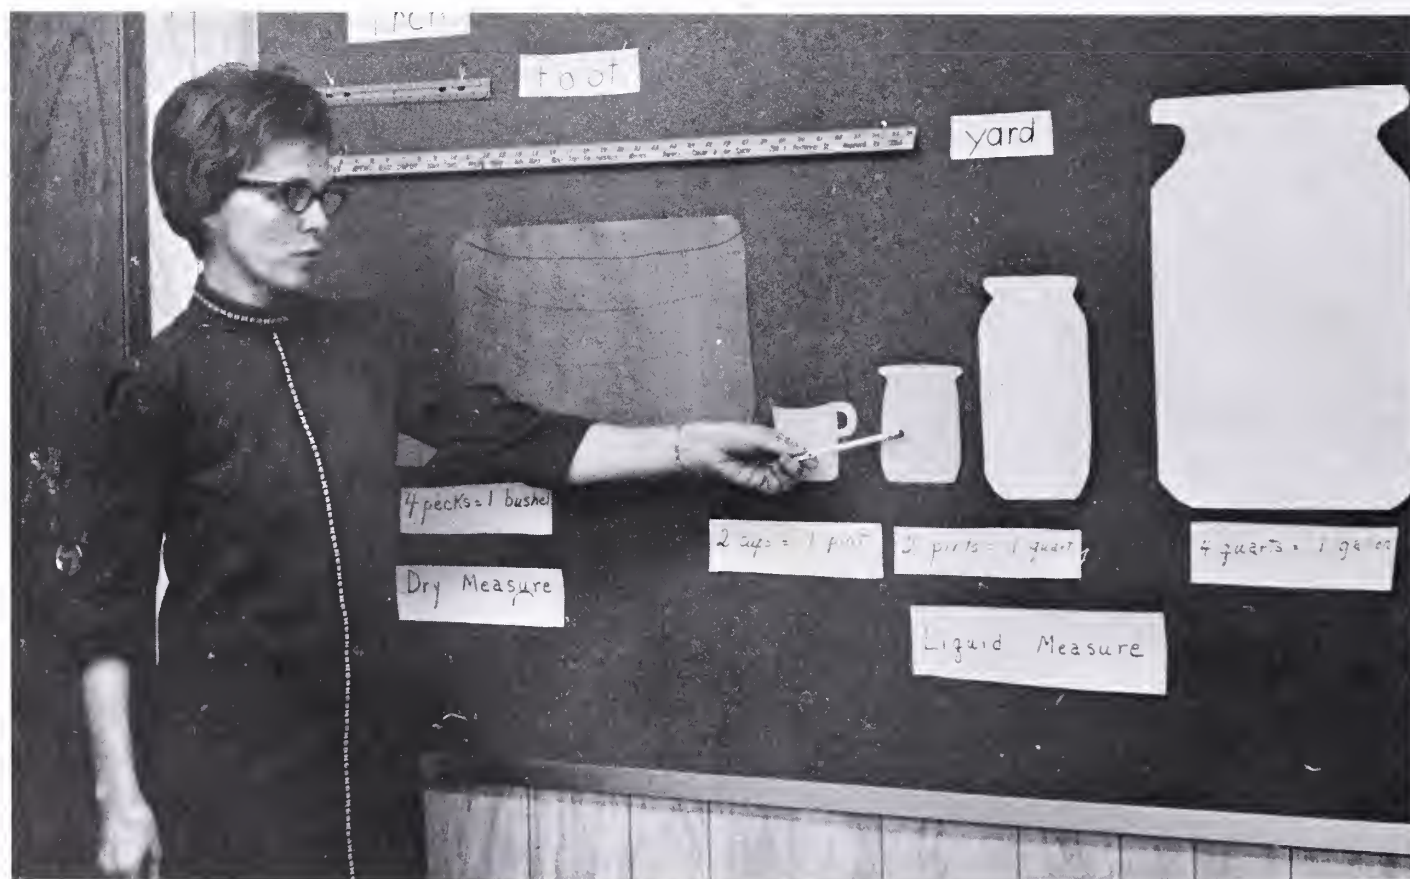

## Fifth Grade Provides Background For Junior High School Years

The fifth grade is an extension of the learning skills which the pupils have been studying since Kindergarten, while at the same time, trying to meet the individual needs of each student. Fifth graders are stimulated by a desire to learn and accomplish through competition.

This grade provides a variety of subject matter so that each student can find his interests, and it gives a solid background for progressing through the junior high school years.

**Upper right:** Mrs. Richie Chandler. **Below:** Mrs. Jean Steed.

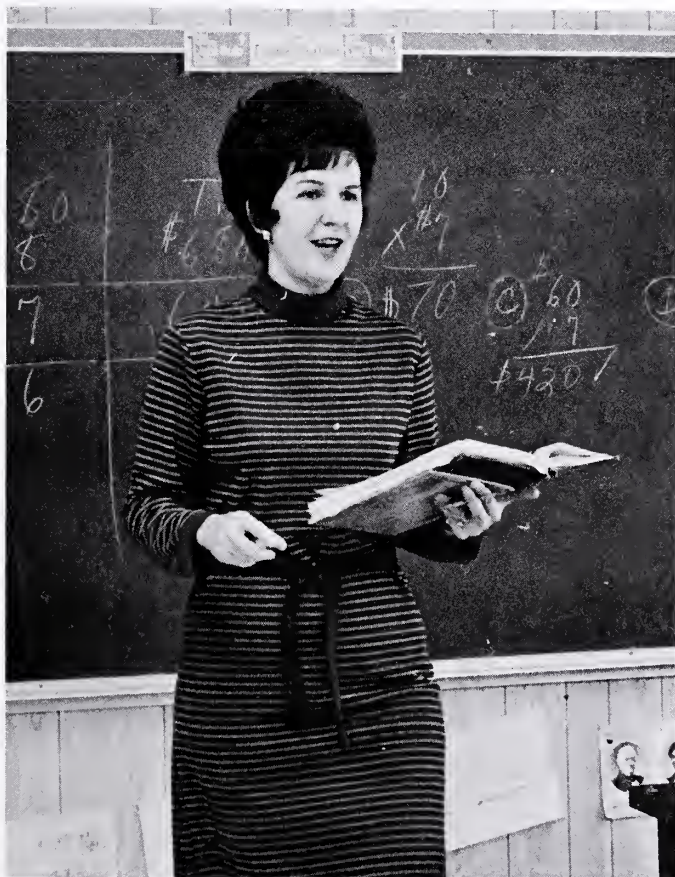

## Fourth Grade Introduces Students To Upper Elementary Work

If you see a child carrying a great many books, you can be sure that he has just crossed the divide between primary school and upper elementary.

The fourth grade is an interesting and challenging stage in a students' growth. He is at the level where he makes use of the fundamentals which he learned in the first three grades while at the same time, develops new skills and knowledge.

**Upper left:** Mrs. Louise Mitchell. **Lower left:** Mrs. Mary D. Short.  
**Lower right:** Mrs. Judy Hardy.

## Third Grade Expands Mental Development

The third grade is an expansive phase of development. The work is geared to meet the needs and interests of the inquisitive minds. Attitudes are developed and organized through personal experiences.

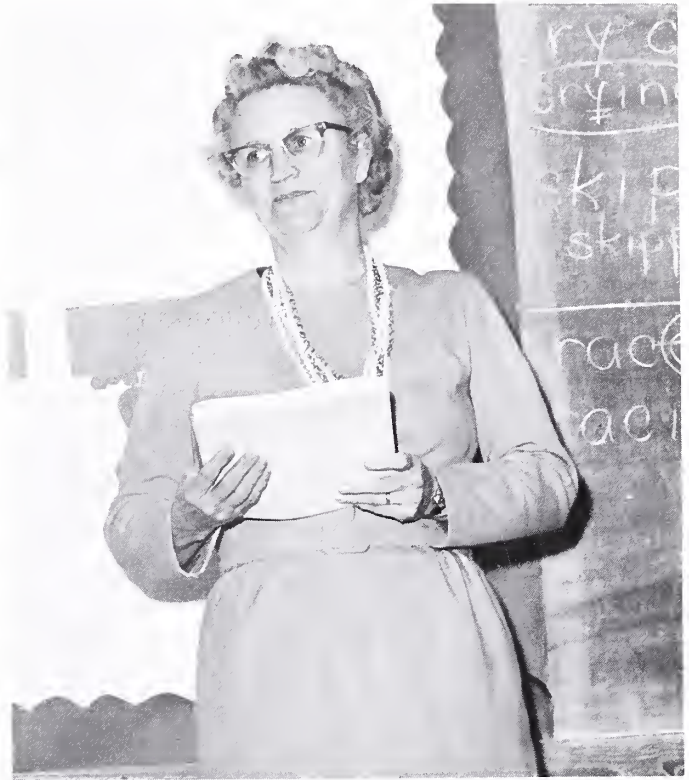

The third grader's world is indeed a full one — full of learning, playing, and all the other things that make for a happy, healthy environment which allows them to grow in all areas.

**Upper left:** Mrs. Roslyn Holland. **Upper right:** Mrs. Jean Blackwell. **Lower right:** Mrs. Lynda Reed.

## Second Grade Builds Strong Minds And Bodies

In addition to their regular studies, the second grade is learning to realize the meaning of listening attentively, following directions, and accepting responsibilities.

Through stories of good deeds, we try to build integrity and strengthen character.

Books, guest speakers, and field trips are all used to stress the importance of the community in our daily lives.

Our aim is to build strong minds as well as strong bodies.

**Upper left:** Mrs. Marilyn Hewitt. **Upper right:** Mrs. Sadie Hawthorne. **Lower left:** Miss Diane Keeling.

# First Grade Stresses Phonics, Numbers, And Good Manners

In the first grade the importance of listening and following directions is stressed.

Our two most important goals are: to provide a strong phonics program to lay a good foundation for independent reading, and to give the student a thorough understanding of the simple concept of numbers.

Through social studies, we learn to work and play well together. We also learn to love and appreciate our families, homes, communities, state, and country.

**Lower left:** Mrs. Jane Groendyke. **Lower right:** Mrs. Mary Hazlewood.

## Kindergarten Teaches Counting And ABC's

The kindergarten year is a very important one, as it sets forth a new experience for its pupils. The kindergarten class plays and has a lot of fun but they also work hard. This year they are learning to count and say the ABC's, how to say "please" and "thank you", and how to get along with other people. This has been a very busy and exciting year for the kindergarten.

**Upper left:** Mrs. Lucy Nash. **Lower left:** Mrs. Jane Martin. **Lower right:** Kindergarten student listens attentively to instructions.

Jr. Miss  
Brunswick  
Academy  
For 1972

Brunswick Academy held its eighth annual Jr. Miss BA contest on December 3, 1971, with Keith Spence, the Junior class president, acting as master of ceremonies. Approximately 20 girls competed for the coveted title of Jr. Miss BA. After much excitement, the judges came up with their final decision, Miss Ann Outten, daughter of Mr. and Mrs. W. Curtis Outten, Jr. of Lawrenceville.

**Upper right:** Ann Outten, Junior Miss Brunswick Academy. **Lower right:** First runner up, Joy Mitchell; Junior Miss B.A., Ann Outten; second runner up, Lynn Davis.

Little Miss  
Brunswick  
Academy  
For 1972

On that magic night in December, nervous little girls from kindergarten through the third grade lined up to parade before the judges. Every hair was curled in exactly the right way and every smile beamed. The competition for Little Miss Brunswick Academy was keen but after a hard decision, the judges chose Carolyn Williams, daughter of Mr. and Mrs. Arthur W. Williams of Skippers.

**Upper left:** Carolyn Williams, Little Miss Brunswick Academy. **Lower left:** Second runner up, Kim Bennett; Little Miss BA, Carolyn Williams; first runner up, Betty Lynn Williams.

# Junior SCO Provides Leadership In Accomplishments

**Right:** Jr. SCO sponsors Psych Day. **Below:** Jr. SCO officers; Bette Blake, Secretary; Betty Love Nash, President; Hall Squire, Treasurer; Anne Outten, Vice president.

**First Row, L. to R.:** A. Moore, Kidd, Inge, Blake, Tatum, Seward, Roughton, Spence, Outten, B. L. Nash, Davidson, House. **Second**

**Row:** Bennett, Anderson, Blackwell, Squire, Temple, B. Nash, Moody, Bowen, Harris, L. Moore.

## Message From The Editor

This has been a memorable year here at Brunswick Academy. Mr. Hugh P. Nolen assumed the office of headmaster; new bleachers were installed in the gymnasium; there were new teachers, new friends, and a new collegiate size yearbook. Externally things looked the same; internally things were quite new. All of these, when put together, could only lead to one goal — success.

We, the staff of the 1972 Viking, have tried to bring you "close up," with the use of pictures, to the activities and events at Brunswick Academy. The task was not an easy one, and many times it seemed hopeless. There were pictures to take, deadlines to meet, ads to sell, but the greatest task of all was the drawing of layouts. Thanks to the hard work and dedication of staff and sponsors the 1972 Viking was completed and lies before you now.

To Mrs. Raiford and Mr. Blick we would like to extend our gratitude. They encouraged us, and with their guidance, knowledge, and understanding we were able to finish this book. There are those, also, who are not connected with the staff but gave unselfishly of their time and energy to make this book a success. Mr. Creasy designed the cover from sketches made by Miss McChesney. Mrs. Thomas E. Blick, through her generosity, lent us the use of her home for work on the Viking. The advertisers and subscribers with their contributions provided the funds with which to print this book. We extend a special thanks to all of these.

And so we end another school year at Brunswick Academy. The staff of the 1972 Viking hopes that this yearbook will bring many enjoyable moments into your life.

Delford King
